

PE and Sport Premium Overview: 2018-19

The school has continued to give a high priority to PE this year with continued provision of the Sport Premium. Sport Premium is an amount of money which the government has agreed to allocate to schools, initially for two academic years (2013-14 & 2014-15) but which has since been promised for a number of further years. The Sport Premium is to be used to 'Increase the quality & breadth of PE & Sport provision, and increasing participation in PE & Sport'.

PE & Sport Premium 2018-19

This year the school will receive **£17,200**. This is calculated as a £16,000 baseline amount plus £10 per pupil (Years 1-6). Below is a record of the usage of the Sport Provision for the past academic year:

Objective	Activity	Cost	Proposed Impact
<ul style="list-style-type: none"> Develop increased confidence, knowledge and skills of all staff in teaching PE and sport Provide a broader experience of a range of sports and activities offered to all pupils Develop increased participation in competitive sport 	Silver SSP SLA including coaching in schools, access to the range of competitions, event days in school and a range of CPD activities.	£5475	This continues to have a huge impact on the experience and skills of the children and staff. The chance to access the range of events and compete against other schools gave children the chance to 'raise their game' and to show off the skills learned in PE lessons. Having experts in school to deliver lessons alongside teachers raised the skill and confidence levels of staff.
<ul style="list-style-type: none"> Develop increased confidence, knowledge and skills of all staff in teaching PE and sport 	Supply cover for staff to allow for: <ul style="list-style-type: none"> management time for PE Co-ordinator to oversee the subject staff to attend CPD opportunities 	£2282	PE was monitored throughout the school and PE leader was able to remain updated with current PE CPD and information through attendance of Durham SSP training events.
<ul style="list-style-type: none"> Develop increased participation in competitive sport 	Provide staffing for extra events: e.g. Level 2 events, Level 3 Finals to allow full participation on the range of events on offer.		Children with both higher and lower abilities were given opportunities to succeed and develop their skills.
<ul style="list-style-type: none"> Develop increased participation in competitive sport Support and engage the least active children in physical activities 	Swimming pool hire (including teacher and life guards) to allow KS2 non-swimmers to continue to develop skills in order to meet KS2 standard. Provide staffing for small group non-swimmer extra lessons. (included in overall supply cover)	£700	Children received small group focussed lessons and were able to build their confidence (an identified barrier to progress) as well as to build on their swimming skills.
<ul style="list-style-type: none"> Develop increased participation in competitive sport Provide a broader experience of a range of sports and activities offered to all pupils Increase the engagement of all pupils in regular physical activity 	Continue the development of the outside area including: <ul style="list-style-type: none"> the provision of permanent/larger items for the yard to allow for increased participation on specific sports e.g. goals/hoops etc. the development of playground equipment to promote active playtimes e.g. equipment, activity areas etc. 	£4000	The delay in completion of the yard has meant that as yet, this spending has not been completed. However, the extra space in the yard allows for a greater amount of games and activities to be carried out at any one time. Consequently, the school is planning to purchase more large items of PE equipment such as goals, tennis nets, netball nets to allow for the space to be used to its full potential.

<ul style="list-style-type: none"> • Develop increased participation in competitive sport • Provide a broader experience of a range of sports and activities offered to all pupils 	Meet transport costs to travel to and from SSP events beyond SLA allocation.	£485	Children participated in a wide range of events both in and out of school as full classes, year groups or as selected teams.
<ul style="list-style-type: none"> • Provide a broader experience of a range of sports and activities offered to all pupils • Increase the engagement of all pupils in regular physical activity 	To provide access to sports facilities and other venues in the local area. This could be for one-off events (school sports days/ end of term festivals) or on a more regular basis (weekly PE lessons). There will be a financial implication for this. This will allow children to further develop their PE skills at purpose-built facilities.	£220	The renovation and building works at Maiden Castle have meant access to the site has been limited this year. However, the school has used the site on at least one occasion (and will look to do so as the building works conclude this year).
<ul style="list-style-type: none"> • The profile of PE and sport is raised across the school as a tool for whole-school improvement 	Purchasing (and framing) of team photos for the different events from the year to display in school.	£50	These photos will be displayed in the school over the coming year to highlight the school's previous sporting achievements.
	Purchasing of sports day medals.	£105	Medals to be awarded for successes in sports day at an end of term prize giving. There was a 'buzz' in school about the ceremony and the awarding of medals and it was an excellent way to celebrate sporting achievements.
<ul style="list-style-type: none"> • Provide a broader experience of a range of sports and activities offered to all pupils • Increase the engagement of all pupils in regular physical activity 	To renew bike/scooter provision in the Foundation Stage and purchase new equipment for physical development.	£2000	Children have access to equipment to help them with their physical development.
<ul style="list-style-type: none"> • The profile of PE and sport is raised across the school as a tool for whole-school improvement • Provide a broader experience of a range of sports and activities offered to all pupils 	Purchasing/enhancing equipment for new sports or sports being entered at a higher level than previously e.g. netball	£600	Teams have full opportunity to compete in inter-school competitions.
	Any money remaining at the end of the academic year will be used to replenish/replace equipment in readiness for the next academic year to ensure continues provision of high quality PE.	£951	Prepare for continued high provision in 2019-20
